Re: Potential Disruption at Canada Post

This bulletin is to ensure TSX Venture Exchange Issuers are aware that there may be an upcoming work disruption at Canada Post.

A press release issued by Canada Post on June 27, 2016 stated that negotiations between Canada Post and the Canadian Union of Postal Workers are continuing, but labour disruptions remain a possibility, so Canada Post is asking its customers to take precautions.

The press release states:

"In the event of a labour disruption, Canada Post will not operate. Mail and parcels will not be delivered, and no new items will be accepted. Any mail and parcels within the postal system during a work disruption will be secured and delivered as quickly as possible once operations resume."

Please visit Canada Post's website www.canadapost.ca for more information.

TSX Venture Exchange advises its issuers to find other means to ensure the timely delivery of documents in the event of a work disruption at Canada Post.
