

# TMX Operational Notice

## Production Network Maintenance

Please be advised that TMX Network Services will be upgrading the firewall at our primary Production facility. In order to facilitate connectivity validation, the Production environment will be brought up on July 20, 2019.

Clients will be able to validate connectivity from 12:00 pm ET to 14:00 pm ET to their Production Order Entry, Drop Copy and Feed Recovery sessions.

For more information contact [TMX Market Operations](#) at (416) 947-4357.
