TMX Equities Trading Notice

TMX Announces Production Date for Dynamic OPR Reprice

TMX Equities is pleased to announce that the Dynamic OPR Reprice enhancement will be launched in Production effective **Monday, September 23rd, 2019**. This enhancement will help clients maximize opportunities for order execution by repricing Dynamic OPR reprice orders towards their limit price as quotes change, while respecting limit prices and OPR restrictions. Please see details previously announced in Equities Trading Notices [2019-004](#), [2019-018](#), and [2019-025](#).

The Dynamic OPR Reprice enhancement is currently available in the TSX and TSXV Gateway Testing Environment (GTE) since June 7th, 2019. It will be made available in Alpha GTE on **Friday, July 19th, 2019**.

Updated order entry and feed specifications reflecting these enhancements are available on the [TMX Webstore](#).

For more information regarding this notice, please contact the [Account Management Team](#).
