

TMX Operational Notice

Gateway Test Environment (GTE) – Decryption Key Expiry and Rollover

Broadcast Feed Decryption Keys (DK) in the Gateway Test Environment (GTE) expire and rollover at the end of day, Monday September 30, 2019. New DK keys take effect on **Tuesday, October 1, 2019**.

New GTE DK keys are being distributed to all feed recipients this week.

The rollover in the PRODUCTION environment is still scheduled for October 15/16, 2019 and is not impacted by the GTE rollover.

For more information contact [TMX Market Operations](#) at (416) 947-4705.
