TMX Production Alert

Update: Technical issue Encountered with a Subset of Symbols in TSX MOC Facility

We are currently investigating an issue where the MOC did not run on a small subset of symbols. These impacted symbols are included in the attached spreadsheet.

We are attempting to determine if we can run MOC in the next 10 minutes. Updates will continue be provided as soon as possible.

For more information contact [TMX Market Operations](#) at (416) 947-4357.
