TMX Production Alert

Update #3: Technical issue Encountered with a Subset of Symbols in TSX MOC Facility

MOC successfully ran on the subset of symbols WEED, TFII, WCP and WTE at 4:40pm, symbol WSP went into a Price Movement Extension at 4:40pm., and closed at 4:45pm.

The closing prices for those symbols are below:

WCP = \$4.07
WSP = \$80.00
WEED = \$29.89
TFII = \$38.94
WTE = \$20.33

The remainder of the symbols included in the previously attached spreadsheet did not have MOC prints as expected.
