TMX Production Alert

TSX Order Entry Connectivity Issues - UPDATE #3

TSX continues to investigate the cause of the connectivity issue.

For your reference, the first OE connectivity issue occurred at approximately 7:25 AM. A second disconnect occurred at approximately 9:40 AM EST. In each case service was interrupted while clients reconnected to the secondary servers.

For more information contact [TMX Market Operations](#) at (416) 947-4357.
