

TMX Information Processor

TMX INFORMATION PROCESSOR - PRODUCTION ALERT

Issue Impacting Omega Data in IP Feeds - UPDATE #2

Attention TMX Information Processor Clients

In an attempt to restore the Omega data to the TMX IP Products, we will be initiating a refresh on the Omega feed handlers at both Markham (MCC) and Toronto (TCF). If this is successful we will reinstate Omega data to the respective consolidated products (CBBO, CBBOP, CDB, CDBP). A subsequent notice will confirm.

Clients should disregard any data they see on the CDF- Omega pending confirmation from TMX IP.

For more information contact TMX Market Operations at (416) 947-4705
