

# TMX Operational Notice

## Reminder: GTE Availability of Enhancement to Extended Trading Session

Further to Equity Trading Notice [2020-008](#) TMX Market Operations would like to remind all clients that the Extended Trading Session Enhancement on the Toronto Stock Exchange and the TSX Venture Exchange is now available in the Gateway Testing Environment (GTE).

This change is being introduced to address client requests and will enable trading in the Extended Trading Session in cases where the Last Sale Price is not at a valid tick.

There are no specification changes associated with this enhancement.  
Release Schedule:

Environment	Release Date:
Gateway Test Environment (GTE)	Friday, May 29th, 2020
Production Environment	Monday, July 13th, 2020

For more information contact [TMX Market Operations](#) at (416) 947-4357.
