## Reminder: Enhancements to Extended Trading Session

TMX Market Operations is reminding all clients that the Extended Trading Session on the Toronto Stock Exchange and the TSX Venture Exchange is being enhanced to allow for trading when the Last Sale Price is at an invalid tick at the rounded Last Sale Price, **effective July 13th, 2020**. This change is being introduced to address client requests and will enable trading in the Extended Trading Session in cases where the Last Sale Price is not at a valid tick.

Additional details can be found in [Equities Trading Notice 2020-008](#). There are no specification changes associated with this enhancement.

Listed below is the Release Schedule for this period:
