

TMX Information Processor

Scheduled Maintenance Work at TCF

Please be advised the TMX Information Processor will be conducting maintenance work in the production environment at the **Toronto (TCF)** data centre.

Maintenance at the TCF site will take place **Tuesday September 29th to Thursday October 1st 2020, each night from 17:30 to 19:30 ET.**

The work may require the restarting of various feed publishers which may result in the re-transmission of messages. Please disregard any messages received during the maintenance period.

For more information contact TMX Market Operations at (416) 947-4705
