

# TMX Information Processor

## Scheduled Maintenance Work at MCC

Please be advised the TMX Information Processor will be conducting maintenance work in the production environment at the **Markham (MCC)** data centre.

Maintenance at the MCC site will take place from **Saturday November 7, 2020, 00:00 to Sunday November 8, 2020, 23:30 ET.**

The work may require the restarting of various feed publishers which may result in the re-transmission of messages. Please disregard any messages received during the maintenance period.

For more information contact TMX Market Operations at (416) 947-4705
