A NOTE ABOUT IHS MARKIT'S ESG REPORTING REPOSITORY

TMX endorsed the IHS Markit® ESG Reporting Repository to provide issuers with a valuable free tool for creating disclosure, gaining insights and extending data distribution to global investors. TMX also recognized that the Repository is unique in offering global investors as reported issuer data from all companies, large and small. Overall, a centralized place for all our issuer ESG data will help create one data set in our market, thereby improving transparency for investors and enhancing access to peer insights for issuers.
