

TSX Sponsored European Roadshow

ZURICH, PARIS, LONDON
APRIL 21–23, 2026

THE NEW ENERGY SHOWCASE

Join us for an exclusive **three-day European roadshow** featuring a select group of TSX and TSXV-listed companies shaping the new energy economy. With participation limited to six issuers, the series offers a highly curated setting for engagement with prominent European family offices and long-term private investors. The programme is intentionally structured to encourage in-depth discussion and direct access, delivering a private, relationship-led experience across three of Europe's leading financial hubs.

EVENT FORMAT

Each day will begin with a warm welcome and opening remarks, setting the tone for the presentations to follow. Six distinguished issuers will have the opportunity to showcase their company, insights, and achievements over a 25-minute presentation, including time for Q&A to encourage dialogue.

Networking Lunch: In Zurich and Paris, attendees and presenters will gather together for a luncheon after the presentations conclude, creating further opportunities to connect and continue discussions in a private setting. In London, the afternoon presentations will conclude with a drinks reception for both guests and presenters.

ROADSHOW BENEFITS

Access to an Exclusive Audience: Present to a curated audience of family offices and high-net-worth individuals in Zurich, Paris and London, with interests in the new energy economy and innovative business models.

Premier Venues & Unparalleled Settings: Events take place in luxurious venues including private clubs and elegant hotels, providing a refined atmosphere for networking and engagement.

Valuable Attendee Database: Receive a comprehensive database of all attendees in Zurich and Paris, allowing for direct follow-up, ongoing communication, and relationship-building to keep key contacts engaged with your company's progress and opportunities. Please note, due to privacy laws, London guests to be introduced on a requested basis.

Comprehensive Pre-Marketing: Companies will be promoted to a broader European audience prior to the event, ensuring extended visibility.

ADDED BENEFITS

High-Impact Exposure: Each presenter will be featured in a **video interview with IDG**, published on 'From the Top', IDG's dedicated YouTube channel. Similar interviews on the channel typically generate 5,000-10,000+ views, providing valuable exposure. The videos will also be featured in IDG's member newsletter and showcased on IDG's social media channels, further amplifying reach.

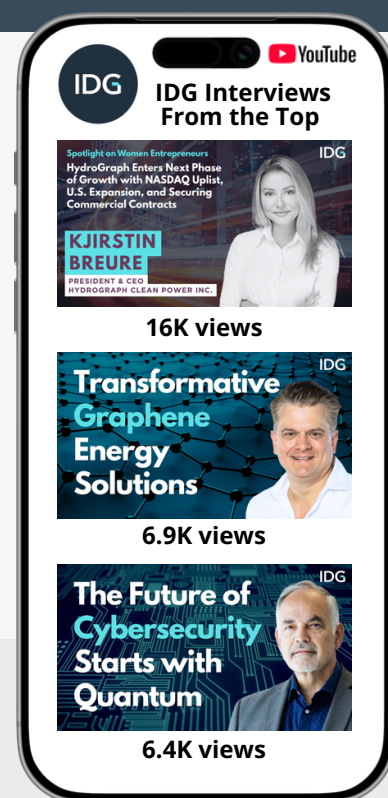

Valuable Content for IR: Companies can leverage their video interview as a strategic asset for ongoing investor relations and share it as a follow-up with attendees to reinforce key messaging and complement the live presentation.
