

Notice to Participating Organizations and Members

October 6, 2009

2009-040

Next Steps for the new TSX Quantum™ Order Entry Gateway

We are now in the final planning stage of the production roll-out of the Quantum Gateway. This notice provides a high level overview of the initial phase of the roll-out.

At this time, we are requesting all access vendors and those participants who connect to the Gateway directly to begin ordering production session bundles for the new Quantum Gateway.

Connectivity Validation - For access vendors and participants connecting directly to the Quantum Gateway, production bundles will be provided upon completion of certification in GTE. Please contact TSX Vendor Services for certification requirements to the new Gateway as soon as possible. Once the bundles have been released, participants will be able to test connectivity intra-day.

Initial Phase - Week of October 26th

The first phase of the roll-out will be managed in a controlled manner whereby each participant will have the opportunity to route minimal production order flow to the new Quantum Gateway via one session bundle. We will be providing continuous feedback throughout this phase.

Additional information on the new Quantum Gateway will be provided shortly.

If you have any questions, do not hesitate to contact TSX Vendor Services at 416-947-4705 or your TMX Equity Trading account manager.

Abigail Etches	(416) 947 – 4476
Andrew Grovestine	(416) 947 – 4798
