Re: Amendments to the Rules of the Toronto Stock Exchange and TSX Venture Exchange to remove imbedded opening and closing times, to replace specific operating times with generic references, and to update IIROC references

The Ontario Securities Commission has approved amendments to the Rules of the Toronto Stock Exchange (TSX) to remove the imbedded opening and closing times of TSX and to confirm that the TSX Inc. Board of Directors shall determine the opening and closing time of sessions. The operating times of the Market-On-Close facility have also been removed and replaced with generic references. The amendments also include a clarification of TSX’s opening allocation process.

Housekeeping amendments have also been approved which recognize the merger of the Investment Dealers Association of Canada and Market Regulation Services Inc. to form the Investment Industry Regulatory Organization of Canada.

Similar amendments to the TSX Venture Exchange (TSXV) Rule Book were approved by the British Columbia and Alberta Securities Commissions. The TSX and TSXV rule amendments are effective on September 12, 2008. Despite these amendments, TSX and TSXV do not intend to change their trading hours at this time.

The TSX and TSXV amendments regarding the opening and closing times and other operating times, are attached as Schedule A and Schedule B respectively.
